In his inaugural address Governor BRADLEY took strong ground against lynchings, and his sentiments on this point were heartily approved by the Kentneky press. According to the latest advises a capital site for a Law and Order Committee would be at Mayfield, where the lynching fever seems to have become epidemic. If the regular Courts down there have been idle lately there is no possible excuse for their continuance so any longer. The next report of the Graves County Grand Jnry should contain some highly interesting reading.

The total popular vote cast at the re cent election was 18,818,365, or a galu of to less than 1,708,855 over the 12,110,636 otes cast in 1893.

Of this phenomenal and hitherto un paralleled number of electors, the four pre-eminently great states of New York, Pennsylvania, Illinois and Ohlo fur-

| Ilinois 1,088 831 | 24 |
| 0blo1,000,107 | 28 |
| ACCRECATION AND ADDRESS AND AD | |
| Totals | 115 |

From this table it will be seen th these four states alona cast considerably more than one-third of the total vote of the Nation, and at that ratio they are justly entitled to at least one-third of the total Electoral vote of 447, which would be 149. They have, however, only 115 otes in the Electoral College, or 33 les than the number to which their preper tion of the total vote shows them to be entitled. Ohio alone cast 7.4 per cent. ef the total vote of the country, thus fairly entitling her to the same proportion of the Electoral College, or 33 Electoral votes. Yet she is only allowed 28, which is 10 less than the number her voting strength

abould give her.

The total vote cast for the Republican ticket was 7,078,461, and to this aggregate the four states here usmed contributed as

| New Yo | re la | | | | | | | | | | | 795,271 |

| Ithnois | | | ٠. | | | | | | | | | 607,130 |
| Oblo | | | | | | | | | | | | 525,969 |

From these figures it is also seen that this quartet of leaders among the Com-monwealths of the Union gave not only one-third of the total Republican vote of the country, but 891,609 votes in excess of that proportion.

These are the only states which case

over 1,000,000 votes, and of the othe states the one which approached the nearest te that figure was Missourl, with 674,018, or 346,089 votes less than were given in Ohlo. Nor did any other state than these four cast more than half a million vetes for the Republican ticket Next to Obio in the list in that respect comes Indiana, with 323,754 Republicaa hallots, which is less by 203,235 than the 525,989 given by this state.
